Notes & Details

The dual-bottle warmer is perfect for keeping sauces, dressings, cheese, and toppings at the ideal temperature. With adjustable heat controls ranging from 105-195°F, it ensures your ingredients stay warm throughout service. The easy-to-use on/off switch and dial temperature control, along with independent heating for each well, make operation simple and efficient. Built with durable stainless steel, this warmer is designed for heavy-use environments, whether placed on the countertop or as a drop-in unit. Ideal for any kitchen that requires reliable, high-performance warming.
