## Technical Drawings

## Notes & Details

The triple-bottle warmer is designed to keep sauces, dressings, toppings, and cheese at the perfect serving temperature. With adjustable temperature controls ranging from 105-195°F, you can easily maintain the ideal warmth for your ingredients. Its durable stainless steel construction ensures long-lasting performance in busy kitchens, and it can be used either on the countertop or as a drop-in unit. Each of the three wells has independent heating controls, making it versatile and efficient for high-demand environments. The user-friendly design includes a master on/off switch, dial control, and indicator light for easy operation.
